

# NTLP Directory of Library Program Presenters

Listed by contact name as listed by each presenter.

## About This Directory

This is a listing of storytellers, performers and other presenters who are available for library programs in the North Texas area. The presenters themselves have provided the information listed in this directory, and most of the contact information was verified in November 2010; everything else is more current than that. If you need further information, please contact the presenter directly. NTLP does not have the resources to evaluate each of these presenters, so we are unable to provide recommendations.

**If you know of a presenter who should be included, please contact NTLP.**
