Free for NTLP Partner
Library Personnel who
register in advance

\$5/person for Partner
Library Personnel who
register &/or pay at door

\$25/person for non-
Partners who register
& pay in advance;
add \$5 /person if
registering &/or
paying at the door

Prevention is the key, but the
quick and easy techniques

demonstrated in this workshop will help
extend shelf life on general circulating materials.

Learn to address specific, common repairs such as these:

- ✓ Loose pages
- ✓ Broken spines
- ✓ Torn header caps
- ✓ Ripped and torn pages

Kary Barth, regional sales manager for Kapco Library Products, is the author of a basic book repair guide which was previously available from Kapco. She has presented book protection/repair workshops in various venues throughout the U.S. and has worked with libraries since 1990. She has a BS from the University of Illinois - Urbana.

Each participant should bring the following:

- 1-2 paperback books, preferably new, or new-like, for learning paperback covering techniques;
- A hardbound book with a book jacket for learning proper application of book jacket covers;
- A stapled book or magazine;
- A hardbound book which needs repair; *and*
- A “naked” hardbound book (one that does NOT have a book jacket / dust cover).
