Using

True Colors®

to Improve Communications,  
Relationships & Teamwork

An Interactive Training Opportunity  
featuring

Certified True Colors® Facilitator **Marci Chen**

True Colors® is a model of personality identification that's easy to understand, remember and apply. It distills the elaborate concepts of personality theory into a user-friendly, practical tool for fostering healthy productive relationships.

Using the True Colors® program, each participant will

- Identify his/her own personality strengths
- Recognize that we're all different — yet alike!
- Consider the use of this knowledge to better understand others
- Analyze ways to adapt to another individual's personality style
- Apply True Colors® to interactions with patrons, colleagues, family and friends
