eReader Lab

NTLP & the University of North Texas Health Science Center
Hands-On Training for Library Personnel

Tuesday, January 22, 2013
8:30 am Sign-In
9:00 to 1:00 Training

Grand Prairie Public Library
901 Conover Drive
Grand Prairie, Tx 75051

4 CE/ CPE Credits

Registration:

http://nottypical.org/upcoming-ce

Free for NTLP Partner Library personnel who register in advance; $5 per person for Partner Library personnel who register at the door.

$25 per person for non-partner library personnel who register and pay in advance; add $5 per person if registering at the door.

Designed to train library staff so that they can then provide eReader training as library programs, library outreach or one-on-one assistance. Attendees will also be able to train other library personnel and library board members.

Staff from **NTLP** and **UNTHSC** will facilitate the hands-on learning portion of the event: a petting zoo of over 20 eReader devices, including tablets.

Topics and learning opportunities from this training include:
- Reader comparison shopping
- Hand-on eReader exploration
- Learning OverDrive® basics
- Becoming familiar with sources of free and low-cost eBooks
- Consideration of public library eBook policy & procedures documentation
- Networking with other library personnel whose libraries are at various stages of eBook/eReader implementation

eReader Lab Trainers
Mike Pullin has been a UNT Health Science Center (Ft. Worth) Systems Librarian since 2009 and has worked with library technology since 1982. Selected as a 2012 TALL Texas Leadership participant, Dr. Pullin has co-edited a book on Virtual Reference and presented at many conferences in the field of technology related to libraries.
Teresa Dalston-Pullin has been an ALA certified librarian since 1999. She has a diverse background as an applications engineer, instructional designer, technical researcher, library school instructor, and technical writer. She earned a Ph.D. in 2009 from the University of North Texas while pursuing research in best practices in training for library staff.
